**BOOK DESCRIPTION:** This is the first e-book on Chronic Granulomatous Disease (CGD). This book is meant for everyone involved in the diagnosis, treatment or guidance of patients with this disease, as well as for the patients and their parents/-caretakers, investigators and students interested in this disease. The authors hope that this book will help everybody involved to gain more knowledge about the cause of CGD, the symptoms and the treatment of the patients in various geographical regions to help to improve their lives. The editors have invited experts in the various aspects of CGD (fellow authors) to write chapters on their specialty, and have sent these chapters to other specialists (the contributors) for comments and additions.

## TABLE OF CONTENTS:

### Section I. Biochemistry And Signaling Functions Of NADPH Oxidase

- Chapter 1. Biochemistry of the Leukocyte NADPH Oxidase (M.C. Dinauer)
- Chapter 2. NADPH Oxidase-Mediated Antimicrobial Activity: When Do We Need It? (T.W. Kuijpers)
- Chapter 3. Dysfunctional Processes Regulating IL-1 $\beta$  in CGD (F.L. van de Veerdonk and M.C. Dinauer)

### Section II. Clinical Presentation and Diagnosis of CGD

- Chapter 4. Bacterial and Fungal Infections in CGD (B.H. Segal and S.M. Holland)
- Chapter 5. Endemic Infections in CGD (P. Lee and Y.L. Lau)
- Chapter 6. Inflammatory Manifestations in CGD (B.E. Marciano, B.H. Segal and S.M. Holland)
- Chapter 7. Clinical Manifestations in X-linked Carriers of CGD (A. Battersby and D. Goldblatt)
- Chapter 8. Biochemical and Genetic Diagnosis of CGD (D. Roos, A.T.J. Tool, K. van Leeuwen and M. de Boer)

### Section III. Management

- Chapter 9. Checklist for Clinicians: Major Complications in CGD: How to Proceed (R.A. Seger, B.H. Segal and T.W. Kuijpers)
- Chapter 10. Allogeneic Hematopoietic Stem Cell Transplantation (R.A. Seger and T. Güngör)
- Chapter 11. Resources - CGD Websites (A. Gennery and D. Roos)

### Section IV. Research

- Chapter 12. Gene Therapy for CGD (U. Siler, J. Reichenbach and A.J. Thrasher)
- Chapter 13. CGD - Quality of Life Studies (A. Gennery)
- Chapter 14. Future Directions in CGD Research (R.A. Seger, B.H. Segal, T.W. Kuijpers and D. Roos)
